Wholesale Trade List

A.N. Pierson, Inc.
Cromwell, Conn.

PLEASE NOTE

HIS List cancels all previous quotations.

All claims of whatsoever nature must be reported on receipt of goods, otherwise they will not be considered.

Orders will be filled strictly in rotation.

Visitors are always welcome to inspect our stock.

Printed Stationery. — The use of printed stationery by Florists as a protection to themselves is desirable. If it is not used the purchaser should state clearly his position. This catalogue is a Wholesale Trade List. We do not desire or solicit orders at these prices from parties not in the trade. We issue a Retail Catalogue which will be sent under separate cover.

Guarantee of Safe Delivery. — By our careful and thorough system of packing we guarantee safe delivery of plants and perishable goods when ordered to be sent by express, and we always ship this way unless we have positive instructions to the contrary; and when sent in any other way are solely at purchaser's risk.

Damaged Goods. — When goods are received in worthless condition, refuse them. When partially damaged, sign for them as received in damaged condition after they have been inspected by the Express Agent. Notify us of the damage and we will make good your loss and collect from the Express Company.

Terms of Business. — Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations; otherwise cash must accompany order.

Cash Discount. — To customers of approved credit, when payment is made within ten days from the date of the invoice, a discount of two per cent. will be allowed on plants or cuttings, but this rule does not apply to customers carrying open accounts.

C. O. D. — Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

Packing. — No charge is made for boxes or packing for plants, nor for delivery to freight depots or express offices.

Shipping Instructions. — In filling out your order always give shipping directions, and write name and address distinctly on each and every order.

Shipments out of pots in closed or crated boxes are billed at 20 per cent. less than the regular merchandise rate. We ship in this manner unless instructed to the contrary.

Adams Express Co. is the only express company at Cromwell, Conn. Our western shipments, when so specified, can be made by us care American Express Co. at Springfield, Mass.

Non-Warranty. — We aim to give the best possible service and to ship stock that will be up to our high standard of excellence. We endeavor to keep varieties true to name, but do not guarantee this, nor do we in any way guarantee the success of the grower purchasing the stock offered in this catalogue.

Greenhouse Roses

THE NOVELTIES OF 1915

HOOSIER BEAUTY (Dorner) (Introducer's Description) In color a rich, velvety crimson with deeper shadings. It is as fragrant as Richmond, has more petals and better keeping qualities. In production of bloom it ranks with any forcing variety. It naturally throws two and three foot stems; never has a dormant period, starting new growth very quickly at any time of the year. Without exception it is the strongest grower of forcing roses, making plants well clothed with foliage; perfectly healthy and never showing a trace of mildew or black-spot.

Grafted Only — 2¼-inch: 50c. each, \$5.00 per doz., \$35.00 per 100, \$300.00 per 1000.
 3 -inch: 60c. each, 6.00 per doz., 40.00 per 100, 350.00 per 1000.
 4 -inch: 75c. each, 7.00 per doz., 50.00 per 100, 450.00 per 1000.

GEORGE ELGAR. A dainty yellow polyantha rose. Very similar to Cecile Brunner in habit of growth and formation of bud clusters. Valuable for corsage and table work.

Grafted — 2¼-inch: 40c. each, \$4.00 per doz., \$30.00 per 100, \$250.00 per 1000.
 3 -inch: 50c. each, 5.00 per doz., 35.00 per 100, 300.00 per 1000.
 4 -inch: 60c. each, 6.00 per doz., 40.00 per 100, 350.00 per 1000.

Own Root — 2¼-inch: 30c. each, \$3.00 per doz., \$20.00 per 100, \$180.00 per 1000.
 3 -inch: 40c. each, 4.00 per doz., 25.00 per 100, 230.00 per 1000.
 4 -inch: 50c. each, 5.00 per doz., 30.00 per 100, 280.00 per 1000.

NEWER VARIETIES FOR GREENHOUSE USE

HADLEY. In color a deep, velvety crimson, retaining its brilliancy at all seasons of the year. Flower is double and buds are well formed; very fragrant. Strong, rapid grower and the flowers are borne on long, stiff stems.

Grafted — 2¼-inch: 25c. each, \$2.25 per doz., \$17.50 per 100, \$150.00 per 1000.
 3 -inch: 30c. each, 3.00 per doz., 22.50 per 100, 200.00 per 1000.

 2500 2¼-inch at \$85.00 per 1000, 5000 at \$80.00 per 1000.

KILLARNEY BRILLIANT. A sport from Killarney and the best of all varieties of this type. Has the same habit of growth and the same freedom of bloom as its parent, while the flower is twice as large, having 25 to 40 full sized petals. It will be as useful for summer blooming as for winter forcing. Very brilliant pink in color.

Grafted — 2¼-inch: 20c. each, \$2.00 per doz., \$15.00 per 100, \$140.00 per 1000.
 3 -inch: 30c. each, 3.00 per doz., 18.00 per 100, 175.00 per 1000.

SUNBURST. On their Own Roots only.

2¼-inch: 15c. each, \$1.50 per doz., \$10.00 per 100, \$ 90.00 per 1000.
 3 -inch: 20c. each, 2.00 per doz., 15.00 per 100, 140.00 per 1000.
 4 -inch: 30c. each, 3.00 per doz., 20.00 per 100, 180.00 per 1000.
 2500 2¼-inch at \$85.00 per 1000, 5000 at \$80.00 per 1000.

AMERICAN BEAUTY. Properly belongs to the Hybrid Perpetual or Remontant class and yet differs from others of this class in that as a garden rose it is an almost universal failure. Flowers are large and full petaled. Deep pink in color and because of its wonderful fragrance is a general favorite. As the variety is better on its own roots we do not list it grafted. For certain soils infected with eel worm, grafted plants are better. It likes a deep soil with abundance of room for root action and abundant ventilation.

Own Root — 2¼-inch: 10c. each, \$1.00 per doz., \$ 8.00 per 100, \$ 75.00 per 1000.
 3 -inch: 15c. each, 1.50 per doz., 12.00 per 100, 100.00 per 1000.
 4 -inch: 25c. each, 2.25 per doz., 18.00 per 100, 175.00 per 1000.
 2500 2¼-inch at \$70.00 per 1000, 5000 at \$65.00 per 1000.

MY MARYLAND. Clear pink in color with long, pointed buds. One of the finest of the summer-flowering varieties and wonderfully productive, except in the winter months.

Grafted — 2¼-inch: 15c. each, \$1.50 per doz., \$12.50 per 100, \$120.00 per 1000.
 3 -inch: 25c. each, 2.25 per doz., 17.50 per 100, 150.00 per 1000.
 4 -inch: 30c. each, 3.00 per doz., 22.50 per 100, 200.00 per 1000.
 2500 2¼-inch at \$110.00 per 1000, 5000 at \$100.00 per 1000.

Own Root — 2¼-inch: 10c. each, \$1.00 per doz., \$ 8.00 per 100, \$ 75.00 per 1000.
 3 -inch: 15c. each, 1.50 per doz., 12.00 per 100, 100.00 per 1000.
 4 -inch: 25c. each, 2.25 per doz., 18.00 per 100, 175.00 per 1000.
 2500 2¼-inch at \$70.00 per 1000, 5000 at \$65.00 per 1000.

MRS. CHARLES RUSSELL. A strong growing rose; with one pinching makes stems four to five feet in length. The foliage is heavy and leathery, inclined to curl slightly on the older wood; is almost mildew proof. The color is a bright rose pink, deeper toward the center. Is a remarkable keeper and shipper. We shall sell no own root plants of this variety.

Grafted — 2¼-inch: 20c. each, \$2.00 per doz., \$15.00 per 100, \$140.00 per 1000.
 3 -inch: 30c. each, 3.00 per doz., 18.00 per 100, 175.00 per 1000.
 4 -inch: 40c. each, 4.00 per doz., 22.50 per 100, 200.00 per 1000.
 2500 2¼-inch at \$135.00 per 1000, 5000 at \$130.00, 10,000 at \$120.00.

PRINCE E. C. D'ARENBURG. In color a very clear red; very distinct from the crimson roses of which Hadley and Milady are examples. The growth is good and the bud nicely formed, resembling American Beauty.

Grafted — 2¼-inch: 20c. each, \$2.00 per doz., \$15.00 per 100, \$140.00 per 1000.
 3 -inch: 30c. each, 3.00 per doz., 18.00 per 100, 175.00 per 1000.
 4 -inch: 40c. each, 4.00 per doz., 22.50 per 100, 200.00 per 1000.
 2500 2¼-inch at \$135.00 per 1000, 5000 at \$130.00, 10,000 at \$120.00.

Own Root — 2¼-inch: 15c. each, \$1.50 per doz., \$10.00 per 100, \$ 90.00 per 1000.
 3 -inch: 20c. each, 2.25 per doz., 15.00 per 100, 140.00 per 1000.
 4 -inch: 30c. each, 3.00 per doz., 20.00 per 100, 180.00 per 1000.
 2500 2¼-inch at \$85.00 per 1000, 5000 at \$80.00 per 1000.

CECILE BRUNNER. Pink cluster rose for cutting in sprays.

Grafted — 2¼-inch: 15c. each, \$1.50 per doz., \$12.50 per 100, \$120.00 per 1000.
 3 -inch: 25c. each, 2.25 per doz., 17.50 per 100, 150.00 per 1000.

NEW CARNATIONS FOR 1915

ALICE (FISHER). Beautifully formed flowers of medium size, shell pink in color. As a plant the variety shows freedom of growth that is remarkable and the formation of flower and calyx insures freedom from splits. It is a variety that any one may plant with perfect confidence.

GOOD CHEER (Dorner). In color a true rose pink. The flowers are of medium size and perfect in form. The plant makes no surplus growth but every growth is a flowering shoot. We consider Good Cheer to be the finest variety in this most desirable color.

SENSATION. (Dorner). A light pink that will class with the fancy varieties. The flowers are large and nicely formed.

Chrysanthemums

NOVELTY EXHIBITION VARIETIES

ALGONAC (Smith). From the same seed head as Silver King but more dwarf in growth—5½ feet. A high rounded incurved exhibition variety of special merit. White with slightly creamy tint at center. Best bud August 20th. This variety is well adapted for specimen plants being semi-dwarf in growth. Beautiful foliage. Double flowers from early September buds.

2¼-inch: \$1.00 each, \$10.00 per doz.

BOB PULLING. Distributed in limited quantities last season and this orange-yellow seedling of Mrs. Lopes has been the sensation wherever shown. The flower is large and deep; foliage up to the flower. It is a variety easy to grow and one of the finest. Take bud August 1st.

2¼-inch: 60c. each, \$6.00 per doz.

CALUMET (Smith). A solid incurved bloom, light bronze in color. Might be briefly described as a bronze Elberon, admirably adapted to exhibition use, shown either in collections or vases. Planted early in May attains 6 to 7 feet in height. Secure bud August 20th to 30th.

2¼-inch: \$1.00 each, \$10.00 per doz.

KEWANEE (Smith). An entirely new color, buckskin, or chamois, 8½ inches in diameter, high rounded incurved form. A fit companion for Nakota, Nerissa, and Odessa. Its size, fine form, and finish will insure its popularity especially when staged in collections.

2¼-inch: \$1.00 each, \$10.00 per doz.

MANKATO (Smith). May be briefly described as an improved Reginald Vallis, nearly or quite the same color (purplish rose or amaranth). Its sturdy, upright growth will permit staging on long stems without the aid of artificial supports to hold them erect. Easy of propagation. Height 5 feet from early planting. Best bud August 30th. Will make a splendid specimen plant.

2¼-inch: \$1.00 each, \$10.00 per doz.

MRS. R. C. PULLING. A fine, lemon-yellow incurved. Take bud August 10th.

60c. each, \$6.00 per doz.

SILVER KING (Smith). An exhibition variety of special merit, owing to its size, strong, upright growth, and rigid stem. Like Nakota, Nerissa, Elberon, and Odessa, this will be an important feature at the coming exhibitions. White with long broad petals. From early planting will reach 8 feet in height. Best bud August 30th.

2¼-inch: \$1.00 each, \$10.00 per doz.

GENERAL PURPOSE VARIETIES

Novelties

CRYSTAL GEM (Smith). An early white of special merit. We believe it is the best white to follow Smith's Advance. Large in size, nearly pure white, very artistic in form, good stem and foliage; matures October 15th. In growth resembles *Comoleta* (from which it is a seedling), only somewhat taller. Best bud August 15th.

2¼-inch: 50c. each, \$5.00 per doz., \$30.00 per 100.

EARLY FROST (Dorner). A very early commercial white. A cross between Golden Glow and October Frost. Height 3 feet. Pure white with an incurved petal. Perfect form and full to the center. Has the Golden Glow habit to set early buds, which develop into perfect blooms.

2¼-inch: 15c. each, \$1.50 per doz., \$12.00 per 100, \$109.00 per 1000.

GOLDEN QUEEN (Smith). A commercial yellow, same shade as Golden Glow, maturing October 1st to 10th. In many ways superior to *Chrysolora* (from which it is a seedling), is ten days earlier, fine incurved form and fully double from either early or late buds. Six inches in diameter, 3½ feet high. Good stem and foliage. Best bud August 10th.

2¼-inch: 50c. each, \$5.00 per doz., \$30.00 per 100.

MARIGOLD (Smith). The most phenomenal early yellow ever offered. Brighter than Golden Wedding and equal to Golden Age and Golden Robin in color. Fully up to exhibition size (9 inches in diameter) maturing October 15th. Stem and foliage perfect. Very short jointed; stock planted May 5th attained 5 feet in height. Buds secured August 15th to 25th give best blooms.

2¼-inch: 50c. each, \$5.00 per doz., \$30.00 per 100.

MODELLO (Smith). In form like a huge decorative Dahlia. In color, very striking golden bronze or golden amber, as near as this color can be described. Best bud early September. Flower matures first week in November. Height 4 feet.

2¼-inch: 50c. each, \$5.00 per doz., \$30.00 per 100.

MOUNT GREENWOOD (Johnson). A mid-season pink commercial variety. Exceptionally fine pink in color. In form resembles Chadwick. A seedling from W. H. Duckham.

2¼-inch: 15c. each, \$1.50 per doz., \$12.00 per 100, \$100.00 per 1000.

TEKONSHA (Smith). A bronze for Thanksgiving trade has been in constant demand for years. Tekonsha will supply this want. Loosely incurved form and a beautiful shade of golden bronze. Strong, upright growth; 4 feet high. Best bud September 5th to 10th. This variety should eclipse any bronze in commerce as a bush plant, either as specimens or for market purposes.

2¼-inch: 50c. each, \$5.00 per doz., \$39.00 per 100.

NOVELTIES OF 1914

EDWIN SEIDEWITZ. An incurved pink that will mature for Thanksgiving Day cutting. It will fill a place in the *Chrysanthemum* world that has been open for a long time. In color and form the flower is all that can be desired. Late plantings are to be preferred and perfection can be secured by planting not earlier than the middle of June.

GOLDEN EATON. A sport of the old favorite, Yellow Eaton, being several shades darker, making it a clear bright yellow in color.

GREYSTONE. A beautiful shade of chamcis-bronze; dwarf habit; to be recommended for pot plants, and an excellent variety when grown to single stems. Re-flexed type; flowers very distinct from any other variety in cultivation.

IMPROVED GOLDEN CHADWICK. Judging from 10,000 plants of this sport grown side by side with the same quantity of Golden Chadwick, the difference between them is in coloring more than in any other characteristic. It is brighter yellow by several shades. It matured a week later and with blooms of practically the same size.

Rooted Cuttings: 60c. per doz., \$4.00 per 100, \$30.00 per 1000.

2¼-inch: 75c. per doz., 5.00 per 100, 40.00 per 1000.

INDIAN SUMMER. This variety is a sport from Golden Chadwick, originating with us in 1911. The groundwork is yellow, but into this is blended the terra cotta and salmon shades with a tinge of bronze. The color of autumn foliage during Indian Summer in a measure describes the coloring.

MISTLETOE. A commercial incurved variety maturing at Thanksgiving or later. In color, white tinged with pink.

OCONTO. A white Japanese incurved of large size, with strong rigid stem and perfect foliage. This will be a companion for Chrysolora, coming into perfection October 15th. Height 4 feet. Best bud August 30th.

SMITH'S IDEAL. A commercial white of exceptional merit, possessing those qualities which have made Major Bonnaillon so popular. Perfect incurved form from early or late buds. Dwarf, upright growth with strong wiry stem. Like Bonnaillon, the flowers are only medium in size. In perfection November 1st and later. Three feet. Best bud August 30th.

Price of foregoing Novelties of 1914 except where noted.

Rooted Cuttings: 10c. each, \$1.00 per doz., \$ 7.00 per 100, \$60.00 per 1000.

HARDY POMPON VARIETIES

Novelties

HARVEST MOON. A worthy companion to the varieties sent out by us last season. It is a clear golden yellow in color, maturing October 20th to 25th. It is of the button type and flowers are of medium size. The plant is very prolific, making an immense quantity of flowering shoots. It is, we believe, the finest yellow pompon in existence for cutting the last week of October. Awarded the bronze medal of the Oyster Bay Horticultural Society and a certificate of merit by the Horticultural Society of New York.

PEACE. It is seldom that the C. S. A. cup for the best seedling of the year is awarded to a Pompon and we are fortunate to be able to offer our customers the winner of this season's cup, under the name "Peace." It is a strong growing variety producing an abundance of flowering shoots. The color is white, showing, however, a tinge of pink in the bud stage. It matures about November 10th.

Price of above Novelties, 2¼-inch: 30c. each, \$3.00 per doz., \$20.00 per 100.

ASPARAGUS AND SMILAX

ASPARAGUS LUTZI. A cross between *Asparagus Plumosus* and *Asparagus deflexus scandens*. An excellent variety for cutting. The shoots grow five to six feet in length, perfectly upright, without tending to wind. These shoots should be supported by stakes, tying each plant to wire stakes or bamboo canes. It is a big producer, the lateral fronds being of sufficient length for cutting and these come the entire length. No bare stems at the bottom. The variety shows wonderful tendency to flower and seed. It can be grown at a cooler temperature than *Plumosus Nanus*. It requires less head room. It makes an excellent plant for basket work.

DAHLIAS

Strong tubers will be supplied except where varieties are rare or scarce. In that case growing plants will be substituted for delivery in May. These are as satisfactory in every way as the tuber and, in fact, preferred by expert growers, as they invariably develop strong tubers during the season and give equally good or better results in flowering.

"NICO-FUME" LIQUID Nicotine Solution

Suitable Both for Spraying and for Fumigating

For fumigating, the usual methods of vaporizing the Liquid are by means of lamps or hot irons, or by painting or pouring the Liquid on the heating pipes.

"Nico-Fume" Liquid is packed in screw-top cans, and is sold in the following sizes:

| | |
|-------------------------------------|---------|
| Can containing 8 pounds, price..... | \$10.50 |
| Can containing 4 pounds, price..... | 5.50 |
| Can containing 1 pound, price..... | 1.50 |
| Can containing ¼ pound, price..... | .50 |

"NICO-FUME" TOBACCO PAPER INSECTICIDE

For Fumigating Greenhouses

"Nico-Fume" Paper is manufactured from a high strength solution of nicotine, and is especially effective against Aphis ("green fly" and "black fly"), thrips, and against all insects affected by tobacco smoke.

For the ordinary greenhouse (100 feet long by 20 feet wide), 8 or 10 sheets will usually furnish a strong fumigation; larger or smaller houses in proportion.

"Nico-Fume" Paper is packed in friction-top tin cans and is sold in the following sizes:

| | |
|---------------------------------------|--------|
| Can containing 24 sheets, price..... | \$0.85 |
| Can containing 144 sheets, price..... | 4.00 |
| Can containing 288 sheets, price..... | 7.50 |

APHINE

For greenhouse and garden use against green, black, and white fly, mealy bug, thrips, red spider, and soft scales. It can be applied to tender foliage and is an excellent cleanser for decorative stock. It is a concentrated liquid, readily soluble in water and is really pleasant to use. \$2.50 per gallon.

SCALINE

Is an oil and sulphur composition—a scalecide, insecticide, and fungicide combined, composed of a high grade of petroleum.

It is a winter spraying material for San Jose and other scale. (Use one part Scaline to twenty parts water.)

As a summer spray for trees, shrubs, and hardy plants, it is an effective remedy against green, black, and white fly, red spider, thrips, wooly aphids, cottony maple scale, tulip scale, mealy bug, and all soft scale. (Use one part Scaline to fifty parts water.)

Scaline will rid your evergreens and shrubs of the red spider pest.

Quart, 75c.; gallon, \$1.50; 10 gallons, \$10.00; barrel (50 gal.), \$37.50.

FUNGINE

A concentrated sulphur composition used as a spraying material, readily soluble in water, and does not stain the foliage.

A remedy for mildew, rust, wilt, and other blights affecting flowers, fruits, and vegetables; also for bench fungi. (One gallon makes 50 gallons spraying material.)

Quart, 75c.; gallon, \$2.00; 10 gallon keg, \$15.00.

VERMINE

A soil sterilizer and vermicide. Destroys cut, wire, eel, and grub worms, maggots, root lice, and ants. Used one part to four hundred parts water, thoroughly soaking the ground.

Quart, \$1.00; gallon, \$3.00; 5 gallon keg, \$12.50.

WARNCKE'S CUT WORM FOOD

It is simple and easy to use. It is a material more delicious and much preferred by the cutworms, to the plants. For crops started in the open ground, the Food is sprinkled around the plants as soon as they break ground; for plants transplanted into garden, apply as above as soon as the plants are set.

SULPHO TOBACCO SOAP

IT KILLS APHIS, RED SPIDER, PLANT LICE, and SUCKING INSECTS.

It acts quickly and effectively against these pests; at the same time it is a fertilizer and revives plant life.

In this insecticide, sulphur and the gum of rich leaf tobacco are saponified with fertilizing fats, producing a soluble form easy to apply. Two ounces of soap makes a gallon of solution. It is non-poisonous and perfectly safe in the hands of an amateur.
